

# Giorgio de Chirico

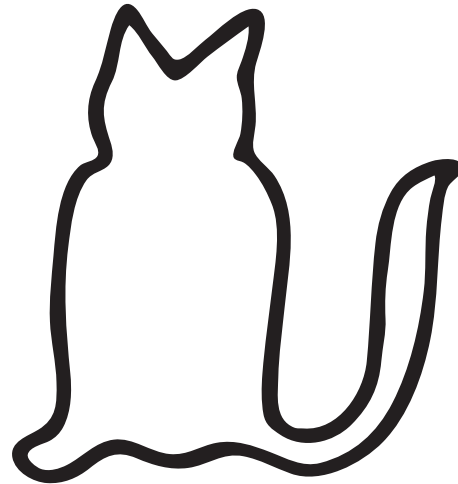

## Calligramme

Although Giorgio de Chirico was not a Surrealist, his work would inspire the movement from the start and stand as a symbol of Surrealism.

Surrealism in art, poetry, and literature uses numerous techniques and games to inspire. One is the Calligramme, a drawing-poem that dates back to ancient Greece.

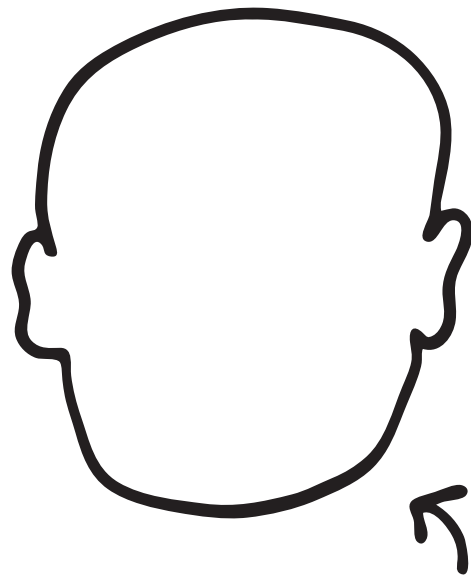

Use words connected to the subject to fill the shape. You just need a pencil or pen!

Try your own!

Fill in the face with words that you like or describe you.
